Please review your artist page and send one final, clearly labelled set of materials. Website portfolio images are provisional until you confirm the exhibition selection.

01 / YOUR PAGE & PRACTICE

Confirm your professional name, public credit, city, website / Instagram and any gallery representation. Supply or approve a 75-100 word bio, a short artist statement (150-300 words) and a current CV. Flag corrections to the page. A longer bio and press links are welcome if available.

02 / FINAL ARTWORK LIST

For each proposed work: title, year, medium, dimensions with units (H × W × D), framed / unframed, edition if applicable, retail price and currency, availability, and current location / custodian. Note exhibition or sale restrictions, gallery approvals and Certificate of Authenticity availability.

03 / IMAGES & CREDITS

Send one clean, high-resolution JPG or TIFF per work; original files rather than screenshots or social-media downloads. Include a portrait, or indicate that it is forthcoming. Add details, installation views and studio / process images if available. Supply photographer credits and reproduction restrictions.

File names: ARTISTNAME_TITLE_YEAR_01.jpg

04 / INSTALLATION & PARTICIPATION

Confirm pickup / delivery and packing needs, artwork weight, hanging hardware, special handling, AV / power needs, and your availability for installation, attendance and press. Provide your preferred contact details and payee / business name; no banking details are needed here.

05 / SEND ONE FOLDER LINK

Place the artwork list, images and artist information in one shared folder with viewing / download access enabled. Submit its link in the Portfolio / artwork folder link field on the website, and use About the work for page corrections and installation notes. The form accepts links and notes, not file attachments.
